25 January 2013

To Parents of Pupils in Primary

Dear Parents

As we start a new calendar year, I would like to pass on a few reminders:

- During this spell of cold weather, please ensure that children are dressed warmly for the playground.
- The annual carnival organised by CESPAs will take place on Thursday 7 February at 15.35. Children are welcome to come to school in fancy dress on that day.
- As it still gets dark relatively early, children should be collected promptly after school. This is especially important on days when children take part in extra-curricular activities.
- Parents who are waiting to collect children taking part in extra-curricular activities are welcome to use the Dining Hall Annexe (Please see rules attached.)
- At the beginning of the school year, a list was compiled of children who wait for older siblings or for buses in P1 on Wednesday and Fridays. These children are supervised in the playground. There is no supervision for primary Year 2 children in the Dining Hall on Wednesdays and for any primary children on Fridays so they should not go to the Dining Hall at lunchtime.
- Children should not bring any valuables, including mobile phones, to school. In the event of an emergency, parents can be contacted through reception. The only exception is for children who take a bus to school but even for these children, phones must be switched off during the day.
- For parents buying tickets for the Dining Hall, it is recommended that a stamped addressed envelope is included for large orders so that children are not carrying around large amounts of tickets.

I trust that I can rely on your co-operation in following these guidelines and wish you all health and happiness for 2013.

Best wishes

Maeve Mc Carthy
Acting Deputy Head - Primary
